TRAINING: No special training requirements have been identified for any documents issued with this change notice.

REMARKS: IP 83895 (Followup On Expired Licenses) is deleted. The document is no longer applicable.

TI 2600/010 (1-Inch UF₆ Cylinder Valve Testing) is issued to confirm that a sample of randomly selected 1-inch UF₆ cylinder valves manufactured by the Hunt Valve Company are tested in accordance with the Action Plan developed by USEC and described in a letter to M. Virgilio, Director, Office of Nuclear Materials Safety and Safeguards, dated November 18, 1992.

DISTRIBUTION: Standard
