Shelley,

The dial-in number would probably be best for me as I'm not exactly sure where I'll be located at that time since I will have just left the airport. Please call my cell phone in the morning (Monday) and leave a message with the number and any codes needed. Thanks very much. My cell number is (b)(6)

Harriet/Stacy, I can conference call you both in if you give me your numbers. I also have a teleconference number that you can dial into if that works best. Let me know which you prefer?

Shelley

Stacy and Shelly,

After speaking to both of you, this is to confirm that we're all available on 10/16 at 2:00 for a conference call regarding Section 7 consultations at St. Lucie. I'll be on travel that day so I will call Shelly's office number (727-551-5781) at 2pm. If you need to reach

me,

the quickest way to contact me would probably be my cell phone: (b)(6) If I have travel delays, I will call Shelly.

Looking forward to the discussion.

Thanks,
Harriet
