

November 14, 2008

APPLICANTS: AREVA NP, UNISTAR, AMERENUE, PPL
PROJECT: U.S. EVOLUTIONARY POWER REACTOR
SUBJECT: SUMMARY OF AUGUST 14, 2008, PUBLIC MEETING WITH AREVA
NP, UNISTAR, AND AMERENUE

On August 14, 2008, a Category 2 public meeting was held between the U.S. Nuclear Regulatory Commission (NRC) staff and the representatives from AREVA NP (Areva), UniStar, and AmerenUE at NRC Headquarters, Two White Flint North, 11545 Rockville Pike, Rockville, Maryland. The objectives of this meeting were to discuss Acceptance Review Logistics for the Callaway Combined Operating License Application (COLA), an Overview of the Callaway Plant, Unit 2, COLA by AmerenUE, and to discuss the changes to Areva NP's Evolutionary Power Reactor (EPR) Design Certification (DC) application as a result of UniStar's Calvert Cliffs Nuclear Power Plant Unit 3 and AmerenUE's Callaway Plant Unit 2 COLAs. Enclosure 1 lists the meeting attendees.

After the opening remarks and introductions of the attendees, the NRC staff presented logistics and a schedule of the Callaway Plant Unit 2 COLA Acceptance Reviews. The staff explained that this part of the presentation was for the benefit of the NRC technical staff who is involved with the acceptance reviews of Callaway Subsequent Combined Operating License Application (SCOLA). A copy of this meeting handout is included as Enclosure 2 to this meeting summary and can be found in the Agencywide Documents Access and Management System (ADAMS) (ML083010542).

This was followed by an Overview Presentation of the Callaway COLA by AmerenUE and their contractor, PC Rizzo Associates. A copy of this meeting presentation is included as Enclosure 3 to this meeting summary and can be found in ADAMS (ML083020075).

After a fifteen minute break, UniStar discussed schedules for their future submittals and supplements to the Calvert Cliffs Reference Combined Operating Licensing Application (RCOLA) and gave an update on the submittal status of Nine Mile Point and Bell Bend SCOLAs. Following the UniStar presentation, the NRC staff gave a presentation on the status of Requests for Additional Information (RAI), staff review schedules, submittal of the Calvert Cliffs RCOLA documents by UniStar, and challenges to review schedules. The staff also pointed out that the Calvert Cliffs review schedules were tied to the Areva DC review schedules and that uncertainties for RCOLA review were under Unistar's control.

Areva NP discussed changes to the EPR DC application based on the Calvert Cliffs RCOLA and the Callaway SCOLAs. Staff's EPR presentation covered the RAI Metrics and the status of the US EPR DC application review. This was followed by a combined discussion on the specific challenges pertinent to Areva's DC application which could have an impact on staff's review schedules.
