BACKGROUND:

Strata submitted a Letter of Intent to the U.S. Nuclear Regulatory Commission staff on October 5, 2009. Strata provided an updated letter of intent on January 8, 2010, in which it confirmed that it intends to submit an application in December 2010.

DISCUSSION:

NRC staff read the opening statement for the meeting, and Strata proceeded to present its slide presentation of the project. Slides presented at this meeting are included as Attachment 3. Strata's presentation focused on the geologic investigations and resulting model for the site, as well as plans for the hydrogeologic investigation.
