ORDER

(Convening Teleconference and Establishing Hearing Schedule)

On February 16, 2010, this Licensing Board issued an order granting the parties' joint motion to hold in abeyance document disclosure on the Prairie Island Indian Community's (PIIC's) aging management contention based on a weak safety culture.<sup>1</sup> The Board also directed the parties to update the Board on the status of settlement discussions on or before March 19, 2010. On March 19, the parties filed a joint status report on settlement discussions, indicating that "discussions have been constructive" and that the parties "will provide a further status report by April 19, 2010."<sup>2</sup>

In accordance with the parties' joint filing, the Board directs the parties to update the Board on settlement discussions by a written report to be filed no later than April 19, 2010. As

the Board has stated in the past, in accordance with 10 C.F.R. § 2.338, the parties are encouraged to resolve their disputes via settlement talks, thereby avoiding the burden of an evidentiary hearing:

The Administrative Dispute Resolution Act of 1996 (ADR Act) encourages the use of alternative dispute resolution by Federal agencies. The parties are encouraged to explore voluntary processes, including settlement talks with or without a neutral, to resolve the issues in this case. Upon request, a settlement judge from the ASLBP could be appointed.<sup>3</sup>

On Tuesday, April 13, 2010 at 1:00 p.m. EDT, the Board will convene a telephone conference to discuss the attached schedule governing the Subpart L hearing in this proceeding.<sup>4</sup> These are the dates that will go into effect in the event the parties are unable to resolve their differences by settlement. The parties shall review the attached schedule and, if they object to any of the deadlines, attempt to reach an agreement on any proposed changes. During the April 13, 2010 telephone conference the parties shall be prepared to discuss any such proposed changes and any other procedural matters leading up to the evidentiary hearing in this case. In addition, the telephone conference will serve as an opportunity to discuss the possible use of the digital data management system (DDMS) during the hearing<sup>5</sup> and, if the
