

Construction Finding Risk Matrix

Low-to-Moderate Safety Significance	Substantial Safety Significance	High Safety Significance
Low Significance	Low-to-Moderate Safety Significance	Substantial Safety Significance
Low Significance	Low Significance	Low-to-Moderate Safety Significance
Low Significance	Low Significance	Low Significance

Influence on Safety Systems
(No effect, Indirect effect, Direct effect)

ITAAC/ITAAC-Related Finding Risk Matrix

Degree of Non-Conformance		
Low-to-Moderate Safety Significance	Substantial Safety Significance	High Safety Significance
Low Significance	Low-to-Moderate Safety Significance	Substantial Safety Significance
Low Significance	Low Significance	Low-to-Moderate Safety Significance
Low Significance	Low Significance	Low Significance

ITAAC Ranking of SSC
