Re: P-1 shower tile repairs Rev 2

Dear Sharlene,

As requested Nastos Construction is pleased to provide you with a proposal to for the following work in the men's & women's showers in the P-1 level connector of building one, our scope includes the following:

- Remove all shower accessories for re-installation.
- Remove all shower fixtures for re-installation.
- Remove the existing 6"X 6" ceramic tile from the shower walls to ceiling, remove shower floors and dispose.
- Remove the existing drywall from the shower walls and dispose.
- Furnish and install new EPDM shower liner.
- Furnish and install Dura rock tile backer on shower walls .
- Tape and finish Dura rock board ready for tile.
- Install new 6"X 6" ceramic tile in group 1 colors. (1 color to be selected by owner)
- Grout ceramic tile. (color to be selected by owner)
- Tile work will start at the closest joint in the tile wall to the shower stall entrances on the far left and far right stalls.
- Clean work area.
- Security Clearance for workers.
- All work is to be during normal working hours.
