Subject: New FOIA Request Induced Seismicity

FOIA/PA REQUEST

Case No.: 2012-0030

Date Rec'd: 10/31/11

Specialist: Wood

Related Case:

Dear FOIA officer,

Pursuant to the Freedom of Information Act, I would like to request copies of all material the NRC has regarding induced seismicity caused by either the extraction of energy resources or the underground injection of materials related to energy production, dating from 2000 to the present. These materials may include emails, hand-written notes and other correspondence, as well as research and reports.

As a member of news media I am primarily engaged in the dissemination of information to the public, and do not profit from the collection and dissemination of such information.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request.

Thank you for your help and I look forward to hearing from you soon.

Regards,
Abrahm Lustgarten
