

**AFFIDAVIT OF Eric Brand**

STATE OF NEW YORK  
COUNTY OF CHEMUNG

1. My name is Eric Brand and I am over 18 years of age.
2. I am currently employed as Quality Assurance Manager at Mirion Technologies (IST) Corporation ("Mirion").
3. The document from which portions should be withheld is identified as Nuclear Regulatory Commission (the "Commission") Inspection Report of Mirion IST NO. 99901478/2107-201, and Notice of Nonconformance.
4. Portions of the Document should be withheld under 10 C.F.R. § 2.390(a)(4) as the Document contains trade secret information that is privileged or confidential.
5. Certain information contained in the Document is held by Mirion in confidence, as it constitutes trade secret information that is generally withheld from public disclosure. The trade secret information was provided in confidence to the Commission during an inspection at Mirion's facility in Horseheads, New York between June 12 and June 15, 2017. This information has not been intentionally made available to the public, nor could it be duplicated by others. Mirion has expended a significant amount of money and effort developing its trade secrets and now places significant value in the secrecy of the information. Mirion would suffer substantial harm from the disclosure of the confidential information contained in the Document because such disclosure would divulge trade secret information to competitors and would harm Mirion's competitive position in the marketplace.
6. Attached to this affidavit is a form of the Document that identifies the confidential financial information that merits withholding under 10 C.F.R. § 2.390(a)(4).

AND FURTHER THIS AFFIANT SAITH NOT.

Executed this 11<sup>th</sup> day of August 2017.
