Dear Mr. Semancik:

We have reviewed the letter from Joshua Perry, Solicitor General dated April 17, 2023, and the final legislation in Connecticut Public Act 23-153, both of which were included in your letter dated June 30, 2023. The NRC staff used the criteria in the Office of Nuclear Material Safety and Safeguards procedure SA-700 and Handbook, "*Processing an Agreement*," and the Council of State Governments Suggested State Legislation (SSL), 1983, Volume 42 as guidance during our review. We provided the results of our review on the legislation to Brandon Graber and yourself on August 21, 2023.

As a result of our review and subsequent conversation noted above, we have no comments. Your response resolves the three comments in our January 25, 2023 letter.

The State Regulation Status (SRS) Data Sheet summarizes our knowledge of the status of other Connecticut regulations, as indicated. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on: <https://www.nrc.gov/agreement-states>.

If you have any questions regarding the review, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact my staff at AgreementStateRegs.Resource@nrc.gov.

Sincerely,

Signed by Giantelli, Adelaide
