Reactor Oversight Process Enhancement Project Public Meeting with Industry

On May 20, 2014, the staff held a public meeting with members of industry to discuss the industry-proposed model to monitor safety culture at nuclear power plants in lieu of the current substantive cross-cutting issue process. This meeting was part of the Reactor Oversight Process Enhancement Project. Industry representatives responded to staff questions about the proposal. Staff intends to evaluate the proposal to determine acceptability and will continue to work with all stakeholders.
