

The following Security Advisory (SA) is not available because it is marked "Official Use Only – Security-Related Information" and is exempted from public disclosure in accordance with 10 CFR 2.390.

SA-04-14, "National Special Security Event For The Presidential Inauguration In The Washington, DC, Area" dated December 14, 2004

In 2004, DHS had designated the Presidential Inauguration as a National Special Security Event (NSSE). Therefore, the NRC recommended that selected NRC and Agreement State licensees who may possess radioactive materials maintain heightened vigilance for potential security threats.

The Nuclear regulatory commission (NRC) has issued SA-04-14 to certain large materials licensees (NRC and agreement state) who possess, use, ship or receive high-risk radioactive materials. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
